ABOUT SANDY BAUERS

Sandy Bauers is the environment reporter for the Philadelphia Inquirer, where she has worked for more than 20 years as a reporter and editor. She lives in northern Chester County with her husband, two cats, a large vegetable garden and a flock of pet chickens.

GreenSpace - her column about how to reduce your carbon footprint in everyday life - appears every other Monday in Health & Science.

You can prevent air pollution.

1. Take public transit
2. Don't idle your car
3. Conserve energy

Middletown: Smart about power

Middletown Township in Delaware County is on a renewable energy roll.

SmartPower, a national, nonprofit marketing organization that promotes renewable energy, is giving the township a \$10,000 solar panel capable of generating one kilowatt of electricity.

To earn the panel — which ten other Pennsylvania communities have already done — municipal officials had to commit to purchasing 20 percent

March

Middletown went for it in a big way, signing up more more households for wind energy than any other in the northeast Philadelphia, with the exception of Philadelphia.

February

January

It's part of a "clean energy communities campaign," a collaboration between SmartPower and the Pennsylvania State Energy Development Fund. According to a statement, the goal is to build voluntary consumer demand for regionally-produced, commercial clean energy.
